Contents

1. Towards precise autism identification: machine learning innovations

*Greeshma P. M.
Pallavi K. G.
Prof. Ramya B. N.*

1-14

2. Anxiety and depression predictor with wearable data

*Banushree. T
Pranitha T. Manur
Prof. Ramya B. N.*

15-28

3. Improved embedded AI application in Defense UAV

*Uma Perumal
Vasantharajan Renganathan*

29-42

4. Smart agriculture: Plant disease detection using deep learning survey

*Biju. J
Anbarasan. R
Mohanraj. S
Ananth. D
Ayyapparaja. K*

43-52

5. To design and analysis of plant disease diagnostic using machine learning

*Mr. Tushar V. Kafare
Dr. Nirmal Sharma
Dr. A. L. Wanare*

53-58

Managing Editor's Desk

I am feeling very proud to dedicate the Sciext Journal of Artificial Intelligence and Machine Learning to the teaching community of our country. I believe that, education and knowledge change one's perspective of life. It changes and enhances the lifestyle and quality. Any small efforts taken in this regard give me immense pleasure.

Artificial Intelligence and Machine Learning are considered one of the new and ever-evolving sciences and continually expand in the engineering arena. With this rapid growth, there is a need for improvement in every field. And I feel it is likely to continue as long as there is a need for public infrastructure.

This journal is an endeavour of Sciext group and is committed to excellence in Artificial Intelligence and machine learning education. It will be released quarterly with high-quality content related to contemporary research, articles, documents, and book reviews useful to the Artificial Intelligence and Machine Learning fraternity. I hope this journal provides a forum for the International Artificial Intelligence and Machine Learning community to present and discuss matters of major interest and new developments in Artificial Intelligence and Machine Learning.

Sciext Journals are peer-reviewed open access/ print/ online journals. Various specialised subject areas of focus and scope are Science, Technology, Engineering, Management, Healthcare and different areas of Humanities. We aim to publish high-quality research articles that create impact and ensure sustainability, which will create a better future for the next generation.

With roots in publishing technical and competitive books, the sciext team understands the need for quality publication of advanced science, technology and health care today. We are proud to be associated with various scientific and scholarly societies and associations, researchers, research institutes and universities across all subject areas around the globe in achieving excellence.

We are a dedicated team of educationists, technocrats, and entrepreneurs with vast experience in various fields. Eminent educationists, industrialists, philanthropists, bureaucrats and scientists around the globe guide the team as advisory and editorial board members. Our collective goal is to promote the use of research facilities for community welfare and technology growth.

In this endeavor, I seek your contributions/participation in whatever capacity. Entire team of Sciext Journals will be looking for your regular advice, guidance and support as we navigate. We are confident that you would make a valuable suggestion, contribute to the journal, positively impact the research community and bond people with similar interests.

Let's join hands together and work towards discovering science for next-generation-SCIENXT!!

Dr. Shashikant Pattan
Managing Editor

Journal Particulars	
Title	Scienxt Journal of Artificial Intelligence and Machine Learning
Frequency	Triannual (April, August, December)
Publisher	Scienxt Center of Excellence(P) Ltd
Chief Editor	Dr. Vijaya Kumar A. V
Copyright	@Scienxt Center of Excellence(P) Ltd
Starting Year	2023
Subject	Artificial Intelligence and Machine Learning
Language	English
Publication Format	Print + Online
Phone No	742857881, 742857883
Email Id	info@scienxt.com
Website	https://scienxt.com/sjaiml/
Address	Scienxt Center of Excellence(P) Ltd, Plot No: 4, Institutional Area, Sector-16A, Noida, Uttar Pradesh- 201301

SJAIML-Scienxt Journal of Artificial Intelligence and Machine Learning, double-blind peer-reviewed journal, disseminates the most recent findings and innovations in various fields of Artificial Intelligence and Machine Learning in the form of Original Research, Reviews, Case Studies, Opinions, etc. Journal maintains a Quick Publication process with strict peer review to enhance the quality of content. Every submitted manuscript undergoes peer review by the subject matter experts under the supervision of the Editor-in-Chief or assigned Editorial Board member of the Journal.

The SJAIML Journal also publishes conference proceedings.

Scope & Focus

The scope & Focus of the journals are as follows but not limited to the following topics- Network, computer vision, Big Data, natural language processing, Supervised Machine Learning, unsupervised machine learning, Model Optimisation Process, Machine Learning Algorithms, chatbots, Bayesian networks, Reinforcement Learning, Generative Adversarial Networks

You can submit your manuscript(s) online at
info@scienxt.com

Price per Volume

	<u>Quarterly</u>	<u>Annual</u>
Institutions	Rs. 1040/-	Rs. 2800/-
Individuals	Rs. 850/-	Rs. 2450/-
Abroad	US\$. 150/-	US\$. 350/-
